MR. SPEAKER:- Yesterday, inspite of the fact that a copy of the Budget Speech was presented to me even before the Hon'ble Finance Minister presented it to this House, I said that I am guided by Kaul and Shakder and there is no question of privilege involved and I let the Finance Minister to present the Budget. Now, the question here is, where the leak took place is immaterial to me. But the fact of a copy was made available, I don't know how, is material. Again, I go back to Kaul and Shakder, Page 631.

" Though the leakage of Budget proposals may not constitute a breach of privilege of the House, Parliament has ample power to enquire into the conduct of a Minister in suitable proceedings in relation to the leakage and the circumstances in which the leakage occurred."

If I have understood this, the spirit of what is contained in Kaul and Shakder, it is not an enquiry to be initiated against the Daftari, who was carrying the Budget papers. It is the responsibility of the Hon'ble Member who is incharge of Finance, who has the ultimate responsibility to keep the whole Budget secret till it is presented to this August House. So, under these circumstances, I am again guided by Kaul and Shakder. The Hon'ble Leader of the opposition and other Opposition Members have given notice of a Resolution and they have also sought for my permission to waive the rules so that it can be discussed. I am in agreement with the Leader of the Opposition and I waive, all the pre-conditions which are necessary for a discussion on this Resolution. Now, I permit that the Resolution can be taken up for discussion. Now, I call the Leader of the Opposition.

SRI D.B. CHANDREGOWDA:- Now, the time is..

MR.SPEAKER: - Let us sit. It is very serious and time should not be a factor. I am using my extratordinary powers which the rules have provided me. I have got the seriousness of the situation. Let us go on with the Debate.
